### Version 0.0.4

OS/2 LX Executable (Win32 host) 7)	OS/2 LX Executable (L4 host) 8)
<p>OS/2 LX Executable (Win32 host) 7)</p> <p>The screenshot shows a Windows XP desktop with a red 'X' icon in the top-left corner, indicating an error or crash.</p>	<p>OS/2 LX Executable (L4 host) 8)</p> <p>The screenshot shows a DOS command prompt window displaying the output of a program. The output includes memory addresses and hex values, such as: 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000. The program appears to be testing arguments and environment variables.</p>
FreeDOS startup	argenv.exe (arguments and environment test)
<p>FreeDOS startup</p> <p>The screenshot shows a DOS command prompt window with a red 'X' icon in the top-left corner, indicating an error or crash.</p>	<p>argenv.exe (arguments and environment test)</p> <p>The screenshot shows a DOS command prompt window displaying the output of the argenv.exe program. The output includes memory addresses and hex values, such as: 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000. The program appears to be testing arguments and environment variables.</p>
sort.exe (DosOpen test)	
<p>sort.exe (DosOpen test)</p> <p>The screenshot shows a DOS command prompt window displaying the output of the sort.exe program. The output includes memory addresses and hex values, such as: 00000000 00000000 00000000 00000000 00000000 00000000 00000000 00000000. The program appears to be testing DosOpen.</p>	

### Version 0.0.5

2)

Here you can see result of GRUB, Bootstrap, Fiasco and core servers with ongoing port/reimplementation of OS2Linux for L4 microkernel. Output to log server.

3)

Same as above, but output to graphical L4Con console.

4)

CONFIG.SYS already parsed and start of PROTSHELL execution

5)

simple menu

6)

full-featured menu

7)

This is native OS/2 application in LX format executed under OS/2 Personality server on top of Win32 host

8)

This is native OS/2 application in LX format executed under OS/2 Personality server on top of L4 host

9)

menu screen
